Introducing GLN - A Network That Works For You

Our community is full of networking groups: business, social, special interests . . . the list goes on and on. Those that organize traditional business networking organizations are usually focused on more business for themselves.

Bringing business people together for business.

Period. GLN is a new and different type of network. We focus on our customer's needs, realizing that if they're met well, more business comes our way.

We also recognize networking benefits our community in many ways, not just professionally. All of us participate in various civic organizations that work for and with the community. The synergy GLN produces provides benefits far beyond our mutual business needs.

Our members offer a variety of necessary services for both

business and personal needs:

- * Home Mortgages
- * Commercial Equipment Leasing and Finance
- * Vehicle Sales and Finance
- * Accounting Services
- * Financial Planning
- * Travel Services
- * Computer Sales and Service
- * Technology Consulting

and Sales

- * Commercial Insurance
- * Personal Insurance

* Benefits Consulting

Put GLN to work for you! You'll see the benefits, personally and professionally. We're going to help build a greater Louisville together. Call one of our members today and see what the power of GLN will do for you.
